

**Concordia University
Department of Computer Science
And Software Engineering
SOEN6611 Software Measurement**

Section E. Dr. Rodrigo Morales

Template for Final project presentation

Your presentation will last **15 minutes** for each team, plus **5 minutes** of questions

Please include the following title slides in your presentation.

1. Outline
 2. Introduction
 3. Background/Literature Review
 4. Research Question(s)
 5. Research Methods
 6. Findings/Data
 7. Discussion
 8. Conclusion(s) and future research
- In the last slide is recommended that you make a collage with the most relevant points of your presentation to recapitulate and summarize the presentation.
 - It is important to include the number of slides in each page (except the first one)

Do not forget to upload your final presentation to Moodle.
